Building a successful Career is like climbing a ladder – every rung you climb takes you closer to the top.
Write a program to print ladder with N steps.

Input Format

Accept a number from the user as number of steps in ladder.

Constraints

 $1 \leq N \leq 10$

Output Format

Print the ladder with the gap between two side rails being 3 spaces(distance between the vertical bars and the steps)

Sample Input 0

4
